Experience:

Walt Disney Cruise Line

Performing Character Entertainer // Performing Dancer

June 2013-March 2014

I signed a nine month contract to perform and travel the Atlantic ocean on the Walt Disney Dream Cruise Ship. Living and working on the Disney Dream, we were ported out of Cape Canaveral, Florida traveling to and from the Bahamas twice each week.

I was part of a team of entertainers who trained together in Toronto, Canada for two months learning various dance performances & character performing rolls. Immediately following our two months of training in Toronto, we were flown to Cape Canaveral Florida where we boarded the Disney Dream Cruise Ship to live, work and perform every single day for seven months straight.

I completed my nine month contract and am so blessed to have experienced such an incredible learning, growing, and

adventurous experience. A true dream come true!
